Mathematical & Computational Sciences
UNIVERSITY OF TORONTO
MISSISSAUGA

Req. ID: 50131

Req. Title: Assistant Professor - Computer Science

POSITION DESCRIPTION

The Department of Mathematical and Computational Sciences at the University of Toronto Mississauga (UTM) invites applications for one (1) full-time tenure stream appointment in the area of Computer Science. The appointment will be at the rank of Assistant Professor with an anticipated date of July 1, 2027.

This position is being advertised concurrently with the position for Associate Professor/Professor in Computer Science (Req ID: 50132); however, only one appointment will be made. To be considered for this role and/or the Associate Professor/Professor in Computer Science (Req ID: 50132) position, the candidate must submit a separate application for each posting.

REQUIREMENTS AND QUALIFICATIONS

Candidates must have earned a Ph.D. degree in Computer Science or a related area by the time of appointment, or shortly thereafter, with a demonstrated record of excellence in research and teaching. We seek exceptional candidates whose research and teaching interests complement and enhance our existing departmental strengths.

Candidates must provide evidence of research excellence which can be demonstrated through a record of publications in top-ranked and field-relevant journals or conferences, or forthcoming publications that meet high international standards; the submitted research statement; presentations at significant conferences; awards and accolades; and strong endorsements from referees.

Candidates must demonstrate excellence in teaching at the undergraduate and graduate levels through teaching accomplishments, and the teaching dossier, including a teaching statement highlighting previous experience that can include teaching-related activities such as leading successful workshops or seminars, student mentorship, delivering conference presentations or posters, or experience as a teaching assistant or course instructor. Excellence in teaching may also be demonstrated through materials such as sample course syllabi (either of courses delivered by the candidate or planned for the future), course evaluations, or other evidence of superior performance in teaching-related activities submitted as part of the application. Professional or lived experiences that enhance the ability to teach a diverse student body are highly valued.

Equity, diversity and inclusion are essential to academic excellence as articulated in the University of Toronto's Statement on Equity, Diversity and Excellence. Candidates must demonstrate, in their application materials, an ability to foster diversity on campus and within the curriculum or discipline, and must show evidence of a commitment to equity, diversity, inclusion, and the promotion of a respectful and collegial environment. Examples of such evidence include: teaching that incorporates a focus on underrepresented communities; efforts undertaken to develop inclusive pedagogies, collaboration, and engagement with underrepresented communities; and mentoring of students from underrepresented groups.

RESPONSIBILITIES

The successful candidate will be assigned a teaching load and will teach in the undergraduate program at UTM and will also be a member of the tri-campus graduate Department of Computer Science at the University of Toronto. The successful candidate will be expected to pursue innovative and independent research at the highest international level; to establish an outstanding, competitive, and externally funded independent research program; to contribute to the enrichment of both undergraduate and graduate programs in the department; and will be assigned a service load and will participate in service and leadership within the academic community.

HIRING SALARY RANGE

The salary will be commensurate with qualifications and experience. The salary range for this position exceeds $200,000 CAD per annum.

ABOUT US

The University of Toronto is an international leader in Computer Science research and education and offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world.

APPLICATION PROCESS

All application materials, including recent signed reference letters, must be received by **December 15, 2026**.

Application materials for the position must be submitted online through AcademicJobsOnline at https://academicjobsonline.org/ajo/jobs/32399. The required materials are:

- A current curriculum vitae
- A list of publications
- A research statement outlining current and future research interests
- A teaching dossier that includes a teaching statement, sample course syllabi, course evaluations or evidence of superior performance in teaching-related activities, and demonstrates a commitment to equity, diversity and inclusion as outlined above
- Three to five (3-5) recent reference letters (on letterhead, dated and signed) uploaded to AcademicJobsOnline directly by the writers by the closing date.

For inquiries, please contact our Chair's Assistant, Ryan Nguyen, at mcschairassist.utm@utoronto.ca

Caution: This ad is "posted only" to the U of T faculty job board. Please see the information above for the application instructions. Applications submitted via the U of T platform will NOT be considered for this position.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Indigenous Substantiation

The University of Toronto has implemented a process to substantiate Indigenous

Membership/Citizenship/Enrolment for those candidates who identify as Indigenous. For more information regarding the University's Indigenous Substantiation Process, please refer to: Indigenous Substantiation Website.

Diversity Statement

The University of Toronto embraces Diversity and is building a culture of belonging that increases our capacity to effectively address and serve the interests of our global community. We strongly encourage applications from Indigenous Peoples, Black and racialized persons, women, persons with disabilities, and people of diverse sexual and gender identities. We value applicants who have demonstrated a commitment to equity, diversity and inclusion and recognize that diverse perspectives, experiences, and expertise are essential to strengthening our academic mission.

Accessibility Statement

The University strives to be an equitable and inclusive community, and proactively seeks to increase diversity among its community members. Our values regarding equity and diversity are linked with our unwavering commitment to excellence in the pursuit of our academic mission.

The University is committed to the principles of the Accessibility for Ontarians with Disabilities Act (AODA). As such, we strive to make our recruitment, assessment and selection processes as accessible as possible and provide accommodations as required for applicants with disabilities.

If you require any accommodations at any point during the application and hiring process, please contact uoft.careers@utoronto.ca.
