The Department of Computer and Mathematical Sciences, University of Toronto Scarborough, invites applications for a tenure-stream appointment in Computer Science, at the rank of Assistant Professor. The appointment will commence July 1, 2016.

We seek candidates with research expertise in areas of computer science that include all aspects of computer systems, including Operating Systems, Networks, Distributed Systems, Architecture, Programming Languages and Software Engineering. Exceptional candidates in other areas will also be considered. We are especially interested in exceptional candidates who transcend traditional computer science disciplines and complement our existing strengths.

The University of Toronto is an international leader in computer science research and education. Successful candidates are expected to pursue innovative research at the highest international level; to establish an outstanding, externally funded research program; to have a strong commitment to undergraduate and graduate teaching; to contribute to the enrichment of undergraduate programs in their respective undergraduate department and to the graduate programs in the tri-campus Graduate Department of Computer Science.

Candidates should have a Ph.D. in computer science or a related field by the date of appointment or shortly thereafter. Evidence of excellence in research and teaching at the highest international levels is required, as evidenced by publications in top ranked field relevant journals and conferences, strong endorsements by referees of international stature, and teaching accomplishments and evaluations. Salaries and startup packages are competitive with our North American peers and will be commensurate with qualifications and experience.

Applicants should apply online AcademicJobsOnline, https://academicjobsonline.org/ajo/jobs/6041, and include a curriculum vitae, a list of publications, research and teaching statements. Applicants should also arrange to have at least three letters of reference uploaded through AcademicJobsOnline directly by the writers. Review of applications will begin on December 1, 2015, and applicants should endeavor to have all materials submitted by then, however applications may be considered after this date.

For more information about Computer Science on the three campuses of the University of Toronto, see our websites (www.cs.toronto.edu; www.utm.utoronto.ca/math-cs-stats; www.utsc.utoronto.ca/cms), or contact Sara Burns at recruit@cs.toronto.edu.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, members of sexual minority groups, and others who may contribute to the further diversification of ideas. The University of Toronto offers the opportunity to conduct research, teach, and live in one of the most diverse cities in the world.
All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
