The Department of Computer Science at the University of Toronto invites applications for a
tenure-stream appointment in Applied Machine Learning. The appointment is at the rank of
Assistant Professor and will begin on July 1, 2016.

We are interested in candidates in all areas of computer science that touch upon applied
machine learning in the broadest possible sense. We are especially interested in exceptional
candidates who transcend traditional computer science disciplines and complement our
existing strengths.

The University of Toronto is an international leader in computer science research and
education. Successful candidates are expected to pursue innovative research at the highest
international level; to establish an outstanding, externally funded research program; to have a
strong commitment to undergraduate and graduate teaching; and to contribute to the
enrichment of both undergraduate and graduate programs in the department.

Candidates should have a Ph.D. in computer science or a related field by the date of
appointment or shortly thereafter. Evidence of excellence in research and teaching at the
highest international levels is required, as evidenced by publications in top ranked field
relevant journals and conferences, strong endorsements by referees of international stature, and
teaching accomplishments and evaluations.

Salaries and startup packages are competitive with our North American peers and will be
commensurate with qualifications and experience.

Applicants should apply online AcademicJobsOnline,
https://academicjobsonline.org/ajo/jobs/6041, and include a curriculum vitae, a list of
publications, research and teaching statements. Applicants should also arrange to have at least
three letters of reference uploaded through AcademicJobsOnline directly by the writers.

Review of applications will begin on December 1, 2015, and applicants should endeavor to
have all materials submitted by then, however applications may be considered after this date.

For more information about the Department of Computer Science see our website at
www.cs.toronto.edu or contact Sara Burns at recruit@cs.toronto.edu.

The University of Toronto is strongly committed to diversity within its community and
especially welcomes applications from visible minority group members, women, Aboriginal
persons, persons with disabilities, members of sexual minority groups, and others who may
contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents
will be given priority.
