FROM: Professor Amy Mullin, Vice-Principal Academic and Dean University of Toronto Mississauga

DATE: October 21st, 2015

RE: Chair Search for the Department of Mathematical & Computational Sciences

Professor Yael Karshon’s term as Chair ends as of June 30th, 2016. As a result, I will be establishing a search committee to name the next Chair of your department.

As Dean, I shall be chairing the search committee. Other members will include:

- Three to five members of the teaching staff of the department
- Dean of the School of Graduate Studies or representative
- One or two members of a cognate department
- One or two students
- A Vice-Dean or Associate Dean of the Faculty or College, where appropriate
- A librarian, where appropriate
- In addition, the committee may include an alumnus/a, a member of the administrative staff and in case of professional faculties or schools, a senior member of the appropriate professional community.

We would like to receive suggestions from you regarding the membership for the committee. If possible, please include a sentence indicating your reason for suggesting each of the individuals you name.

Please forward your suggestions and comments to Sue Thomson at sue.thomson@utoronto.ca by November 12th, 2015.
