

BREADTH CREDIT EVALUATION FORM

Complete this form to request breadth credit for courses taken at another university or in another degree. MSc students are eligible for Methodology Breadth (M) credit(s) for any **graduate-level** CS courses that they have completed at an accredited university. PhD students are eligible for Research Area (RA) breadth credits(s) for CS courses taken as part of their previously completed Master's program. (Department of Computer Science MSc students transitioning to the PhD program will automatically be given breadth credit for CS graduate courses completed toward their Master's degree, and need not complete this form.)

Along with this completed form (with your Supervisor's signature) include:

1. Course syllabus with grading scheme and classroom hours per week (not required for U of T CS courses).
2. A photocopy of the transcript with course(s) highlighted.

Submit to the Graduate Office: gradoffice@cs.toronto.edu
