Figure 7.0 Summary of statement types so far.

We have seen these statement types so far:

1. *declaration*

```
int i;
String s;
WashingMachine myWashingMachine;
```

2. *assignment*

```
i = 2;
s = "hi" + " there";
keyb = new BufferedReader(    ...    );
```

3. *method call*

```
System.out.println("Sum = " + sum);
i = s.length();
```

4. *compound statement* or *block* **{ ...** *other statements* **... }**

5. *while loop* **while (** *condition* **) { ...** *statements* **... }**

6. *return*

```
return;
return total;
return i + 5;
```
