

Errata for “Distance k -Sectors and Zone Diagrams”

September 17, 2009

This is a list of errors in the following paper.

Keiko Imai, Akitoshi Kawamura, Jiří Matoušek, Yu Muramatsu and Takeshi Tokuyama. Distance k -sectors and zone diagrams. In *Proceedings of the 25th European Workshop on Computational Geometry (EuroCG)*, pages 191–194, Brussels, Belgium, March 2009.

Page 191 left, third paragraph of Section 1: “[6] proved that a trisector of given two sets always exists in any metric space” should read “[6] essentially proved that a trisector of given two sets always exists”.

Page 193 right, Figure 3: “ ε ” should be replaced by “ $\varepsilon/4$ ”.

Page 193 right, Figure 3: “ θ ” should be replaced by “ θ_t ”.

We thank those who spotted the errors.
