

Computer Science UNIVERSITY OF TORONTO

Department of Computer Science, downtown campus Job Posting - *Teaching Assistant Position – CUPE 3902, Unit 1* Fall 2025 term (September 1, 2025 – December 31, 2025 or up to January 9, 2026)

Posted on June 23, 2025 as a Regular Posting

The Department of Computer Science seeks ~19 TAs for the following course:

CSC258H1F – Computer Organization

Visit link for course description: <https://artsci.calendar.utoronto.ca/course/csc258h1>

CSC258H1F: Regular TAs

Qualifications

Must be enrolled in, or have completed, an undergraduate program in Computer Science (or a related field). Must have hands-on experience with digital integrated circuits, with a past grade of A- or higher from CSC258 (or equivalent). Must have a strong knowledge of assembly language, microcontrollers, and digital hardware design at the gate level. Experience with Logisim (Logisim Evolution) is required and experience with Verilog is an asset.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

Duties are in person unless otherwise indicated. TA duties may include marking, leading skills development tutorials, office hours, and review sessions. TAs must be available, in person, for at least one of the CSC258 lab sessions on TU, WE or TH 6-9pm.

This course also requires all TAs to be available to mark the final exam in-person during regular business hours. The final exam date is determined by the Faculty of Arts & Science and may be scheduled between Dec. 5-23. The exam schedule is released in November 2025. Every effort will be made to schedule and complete the exam marking within 5 business days after the final exam date. TAs may be required to complete grading January 5-9, 2026 if the exam is scheduled during the last few days of the exam period. The University is closed for the holiday break between December 24, 2025-January 4, 2026.

Positions Available: 18

Hours of work: 60 hours

CSC258H1S-Lead: Lead TA

Qualifications

Must be enrolled in, or have completed, an undergraduate program in Computer Science (or a related field). Must have hands-on experience with digital integrated circuits, with a past grade of A- or higher from CSC258 (or equivalent). Must have a strong knowledge of assembly language, microcontrollers, and digital hardware design at the gate level. Experience with Logisim (Logisim Evolution) is required and experience with Verilog is an asset. Previous experience instructing or TAing CSC258H1 (or similar) an asset.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

Duties are in person unless otherwise indicated. TA duties may include marking, leading skills development tutorials, office hours, and review sessions. Additional lead TA duties may include coordinating other TAs, lab/project grade management, and development of course materials (e.g., test questions, marking schemes). TAs are expected to have availability during standard business hours (i.e., 9:00 AM to 5:00 AM). TAs must be available, in person, for at least one of the CSC258 lab sessions; check the University's Timetable Builder for section times: <https://ttb.utoronto.ca>

This course also requires all TAs to be available to mark the final exam in-person during regular business hours. The final exam date is determined by the Faculty of Arts & Science and may be scheduled between Dec. 5-23. The exam schedule is released in November 2025. Every effort will be made to schedule and complete the exam marking within 5 business days after the final exam date. TAs may be required to complete grading January 5-9, 2026 if the exam is scheduled during the last few days of the exam period. The University is closed for the holiday break between December 24, 2025-January 4, 2026.

Positions Available: 1

Hours of work: 60 hours

Estimated Course Enrolment: 400

Rate of Pay: \$52.97/hour (+ vacation pay)
