CSC486H1F: Regular TAs

Qualifications

Must be enrolled in, or have completed, an undergraduate program in Computer Science or a related discipline. Proficiency in propositional and first-order logic and proof techniques is required. The ideal candidate will either have a demonstrated research background in KR&R or have completed CSC486/2502 (or equivalent) with a grade of at least an A. Completion of CSC384 (or equivalent) would also be an asset. Strong written and oral communication skills are required. Must be available in person for lectures and tutorials (see the University's Timetable Builder for section times: <https://ttb.utoronto.ca/>). Must also be available during regular business hours to complete all other assigned duties.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

All duties are in person unless otherwise specified. TA responsibilities may include grading assignments, leading tutorials, holding office hours, and marking term tests (the second test will take place during the last week of the semester). TAs are required to be available during regular business hours to attend scheduled marking meetings for the tests. There is no final exam scheduled for this course.
