

**Department of Computer Science (St. George campus)
Job Posting – Teaching Assistant Position (CUPE 3902, Unit 1)
Fall 2026 term (September 1, 2026 – December 31, 2026 (or up to January
11, 2027))**

Posted on June 8, 2026 as a regular posting.

The Department of Computer Science seeks 5 TA(s) for the following course: **CSC209H1F – Software Tools and Systems Programming**.

Visit link for course description: <https://artsci.calendar.utoronto.ca/course/csc209h1f>

Position Title

Software Tools and Systems Programming

Qualifications

Must be enrolled in, or have completed, an undergraduate program in Computer Science (or a related field). Graduate students in related fields are preferred. Must be able to demonstrate expertise in system tools and C programming, with a grade of A- or higher from CSC209 (or equivalent) and CSC369 (or equivalent). TAs should be available during CSC209 lecture times for some weeks of flipped-classroom activities or for a weekly tutorial time slot, listed in the duties section. Schedule times are also available on the timetable: <https://ttb.utoronto.ca/>.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

Availability requirement: TAs must be available to lead a tutorial or support a weekly lecture. Tutorials are scheduled Fridays 10-11am. Lectures are Tuesdays and Thursdays 10-11 am.

Additional duties include grading assignments and tests, holding office hours, giving demos in the lab, proofreading assignments and tests.

This course also requires all TAs to be available to mark the final exam in-person during regular business hours. The final exam date is determined by the Faculty of Arts & Science and may be scheduled between December 10 – 22, 2026. The exam schedule is released in November 2026. Every effort will be made to schedule and complete the exam marking within 5 business days after the final exam date. TAs may be required to complete grading January 6-11, 2027 if the exam is scheduled during the last few days of the exam period. The University is closed for the holiday break between December 24, 2026 – January 5, 2027.

Positions Available

5

Hours of Work

60

Estimated Course Enrolment

150

Rate of Pay

\$53.92/hour (+ vacation pay)

Application Process

Apply online at: <https://tapp.cs.toronto.edu/hash/external/postings/6dhi7oHxP5tWY8HKcsXmYqHV>

In your application you will be asked to provide your CV and academic history. In addition, you will be asked to provide a brief response to the following question(s):

- Briefly describe how you have acquired your knowledge of the C programming language and operating system knowledge. Include information about the courses you have taken that are similar to CSC369.
- Briefly describe your level of familiarity with the Linux command line and shell programming.
- What do you think are students' main obstacle in learning how pointers work? How do you help students overcome this obstacle?
- Are you available to run at least one tutorial session of 1 hours for the full semester (at least 10 of the 12 weekly sessions). If not, please specify why.
- Are you available to run classroom activities during one of the lecture time slots for the full semester – please review the posting for slots scheduled?

The deadline to submit your application is **July 2, 2026 at 11:59pm ET**. For more information, you may contact:

Patrina Seepersaud, TA Support Assistant
