

**Department of Computer Science (St. George campus)
Job Posting – Teaching Assistant Position (CUPE 3902, Unit 1)
Fall 2026 term (September 1, 2026 – December 31, 2026 (or up to January
11, 2027))**

Posted on June 8, 2026 as a regular posting.

The Department of Computer Science seeks 1 TA(s) for the following course: **CSC311H1F – Introduction to Machine Learning**.

Visit link for course description: <https://artsci.calendar.utoronto.ca/course/csc311h1f>

Position Title

Introduction to Machine Learning - Lead TA

Qualifications

- Currently enrolled in or have completed an undergraduate program in Computer Science, Statistics, Mathematics, or a related quantitative field
- Must have completed this course or equivalent coursework (CSC311, CSC413/2515, STA414/2104) with a grade of A- or higher
- Excellent written and oral communication skills
- Strong organizational skills and proven ability to lead small teams effectively
- Ability to clearly explain the following machine learning concepts to diverse audiences OR prior teaching experience with these topics: KNN, decision trees, linear regression, logistic regression, neural networks, backpropagation, naive Bayes, Gaussian discriminant analysis, K-means, mixture models, and principal component analysis
- Strong foundation in essential mathematical prerequisites: linear algebra, multivariable calculus, probability theory, and statistics
- Proficiency in Python with extensive experience using scientific computing libraries (NumPy, SciPy, pandas, scikit-learn)
- Available during regular business hours to fulfill all assigned responsibilities

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

All duties are conducted in-person unless otherwise specified. The Lead TA will assist with various course administration and coordination duties, including:

- Coordinate CSC311 teaching assistants by scheduling TAs for office hours and grading assignments, and ensure consistent communication across the teaching team
- Edit and proofread questions, solutions, and grading rubrics for practice problems, term tests, and the final exam
- Hold regular office hours to assist students
- Respond to student questions on Piazza
- Grade course assessments, including assignments, tests, final projects, and final examinations
- Process remark requests from students

This course also requires all TAs to be available to mark the final exam in-person during regular business hours. The final exam date is determined by the Faculty of Arts & Science and may be scheduled between December 10 – 22, 2026. The exam schedule is released in November 2026. Every effort will be made to

schedule and complete the exam marking within 5 business days after the final exam date. TAs may be required to complete grading January 6-11, 2027 if the exam is scheduled during the last few days of the exam period. The University is closed for the holiday break between December 24, 2026 – January 5, 2027.
