

Department of Computer Science, downtown campus
Job Posting - Teaching Assistant Position – CUPE 3902, Unit 1
Summer 2026 term (May 1, 2026 – Aug. 31, 2026)

Posted on April 13, 2026 as an Emergency Posting

The Department of Computer Science seeks ~2 Prep TA(s) for the following course:

CSC369H1Y-Prep– Operating Systems

Visit link for course description: <https://artsci.calendar.utoronto.ca/course/csc369h1>

Note: Prep TAs are hired to do preparatory work for Fall/Winter 2026-2027 courses during the summer term. They are not hired as regular TAs for summer course offerings.

Qualifications

Must have completed CSC369 (Operating Systems) or equivalent with excellent performance, or demonstrate equivalent background in systems programming. Strong ability to write C programs involving low-level UNIX system interfaces, including system calls such as fork, exec, pipe, file descriptor manipulation, and thread synchronization primitives. Experience writing Python programs for automation, testing, or systems-related tasks. Familiarity with using Python to validate program output, compare execution results, and automate correctness checking. Strong understanding of core operating systems concepts, including processes, threads, synchronization, scheduling, virtual memory, and file systems. Ability to explain technical material clearly and design exercises that target common student difficulties. Willingness to refine materials iteratively based on instructor feedback. Must be enrolled in or have completed a computer science degree, or equivalent. Some availability for in-person meetings Monday to Friday, 9am to 5pm during the summer term.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

Developing new tutorial material for CSC369 (Operating Systems), including tutorial handouts, starter code, solution code. Developing automated test suites for tutorial material, including C-based test programs and Python scripts used to evaluate correctness of student output and system behaviour. Assisting with preparation of new lecture material for expanded course contact hours, including slides, examples, diagrams, and skeletal instructor notes aligned with course learning objectives.

Positions Available: up to 2

Hours of work: 60 hours

Estimated Course Enrolment: N/A

Rate of Pay: \$53.92/hour (+ vacation pay)

Application Process:

Apply online at: <https://tapp.cs.toronto.edu/hash/external/postings/ZFeg92tP7y3wqzWHsjw1tNrp>

In your application, you will be asked to answer the following question: **Do you have previous experience as a TA in this course? Describe your suitability for this position.**

The deadline to submit your application is Friday April 17, 2026. For more information, you may contact:
