

FACULTY OF ARTS & SCIENCE
Course Instructor Position – CUPE 3902, Unit 1
January 1, 2026 – April 30, 2026 (or up to
May 8, 2026 to meet the final grades deadline)

Posted on: November 3, 2025 as an Emergency Posting

The Department of Computer Science has 2 positions available as a Course Instructor for:

CSC367H1S – Parallel Programming

Visit link for course description: <https://artsci.calendar.utoronto.ca/course/csc367h1>

Qualifications

- BSc in computer science or related field
- Completed or working towards a graduate degree in computer science or a related field preferred
- Demonstrated expertise in topic area of the course - strong organizational, interpersonal, and communication skills
- Previous experience as a course Instructor or Teaching Assistant, in the course (or its equivalent) is an asset
- Demonstrated evidence of excellence in teaching an asset.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

Duties are in person and shall be performed on the St. George Campus unless otherwise indicated and will include the following:

- Preparing and delivering the lectures in-person on campus as scheduled.
- Handling course administration including: maintaining the course website on quercus; developing marking schemes/syllabus; planning tutorial content (when applicable); developing course assessments including assignments, projects, quizzes, tests, and final assessments.
- Providing appropriate contact time outside of class to students, through office hours, email, the course website and/or the course bulletin board.
- Preparing the breakdown of hours for TA duties in the course and supervising the TAs.
- Ensuring that tutorials and/or labs are delivered appropriately by the TAs as applicable.
- Managing the grading for the course, which is largely done by the TAs, and carrying out any grading not handled by the TAs.
- Invigilating term tests and the final exam when applicable.
- Managing the grades, including the timely completion and release of grades and

feedback to students throughout the term; submitting final course grades (due May 8, 2026).

- As there are other sections of the same course that term, coordinating with the other instructor(s) to maintain consistency (this includes using common assignments and a common final exam);
- While there is a lot of room for creativity in course delivery, instructors will be expected to follow the basic content and style used by the faculty members who normally teach the course, and must get approval from these faculty members or the Associate Chair, Undergraduate on any substantial changes to the course content or assessment methods. Instructors will also be expected to consult with the department's Teaching Support group when creating the course syllabus, final exam, and test(s).
