

Computer Science UNIVERSITY OF TORONTO

Department of Computer Science, downtown campus Job Posting - Teaching Assistant Position – CUPE 3902, Unit 1 Winter 2026 term (January 1, 2026 – April 30, 2026) (or up to May 8, 2026)

Posted on November 3, 2025 as a Regular Posting

The Department of Computer Science seeks ~5 TA(s) for the following course:

CSC488H1S (Cross-listed with graduate course: CSC2107HS) Compilers and Interpreters

Visit links for course descriptions:

<https://artsci.calendar.utoronto.ca/course/csc488h1> or
<https://web.cs.toronto.edu/graduate/course-descriptions#csc2107>

Qualifications

Good verbal and written communication skills. Has taken an undergraduate/graduate compiler course equivalent to CSC488. Experience with modern compiler development tools like Lex/Flex/JFlex and LLVM/YACC/Bison/CUP/JCup. Experience in marking large programming assignments. Ability to evaluate the quality of program testing and documentation.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

Prepare and present tutorials on compiler related material. Marking of 5 stages of a compiler implementation project including programs, documentation and testing.

Positions Available: 4

Hours of work: 60 hours

CSC488H1S-Lead: Lead TA

Qualifications

Same as CSC488H1 regular TAs. Additional must have been a previous TA for CSC488H1S previously or have relevant research background of course.

Relevant Criterion

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

Duties

All duties are in person unless otherwise indicated. Responsibilities include leading tutorials, holding office hours, grading assignments, tests, and exams, managing autograding infrastructure, responding to student questions on Piazza, handling remark requests and academic offense cases, and midterm invigilation.

This course requires all TAs to be available to mark the final exam together in-person. The final exam date is determined by the Faculty of Arts & Science and may be scheduled between Apr. 9-29. The exam schedule is released in March 2026. Every effort will be made to schedule and complete the exam marking within 7 business days after the final exam date. TAs may be required to complete grading May 1-8, 2026 if the exam is scheduled during the last 7 days of the exam period.

Positions Available: 1

Hours of work: 60 hours

Estimated Course Enrolment: 120

Rate of Pay: \$53.92/hour (+ vacation pay)

Application Process:

Apply online at: <https://tapp.cs.toronto.edu/#/external/postings/pGMcAWNd6KTQQ6nenxJ2VnC8>

In your application you will be asked to provide your CV. In addition, you will be asked to provide a brief response to the following question(s) for CSC488H1S

- Based on the qualifications of this posting, please briefly describe how your academic history, and/or research and professional experience make you qualified for this position.

In your application you will be asked to provide your CV. In addition you will be asked to provide a brief response to the following question(s) if you are applying for the CSC488H1S-Lead position:

- Do you have previous experience as a TA for this course at the Department of Computer Science, St. George campus?
- Please provide a brief statement describing your interest in the Lead TA position and any relevant experience supporting course administration or student-facing responsibilities.

The deadline to submit your application is **Friday November 21, 2025 by 11:59pm EST**. For more information, you may contact:
