Tutorial #2: Betweenness & Communities

University of Toronto CSC303

Winter/Spring 2024

Ian Berlot-Attwell

Week 3: Jan 22-26

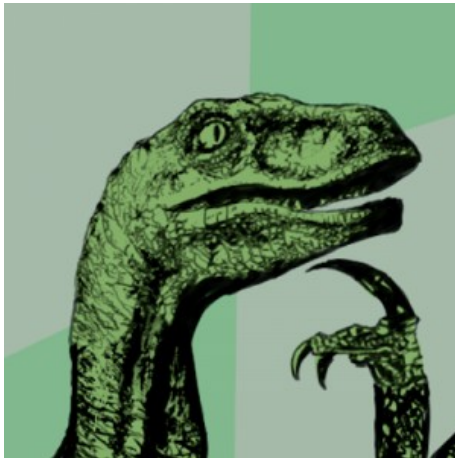

Today's agenda

In lecture we've covered Chapter 3 of the textbook looking at Strong and weak ties.

Today:

- Questions from Lecture
- *Betweenness* of an edge and Givan-Newman partitioning (Ch 3.6 of E&K)
- Quercus Quiz

Questions?

Betweenness & Graph Partitioning

We will be reviewing slides 27, 40-59, and 64-68 of Prof. Ashton Anderson's excellent slide deck.

Quercus Quiz
